1-040SL Fastener 8x15 SNAP-LINE
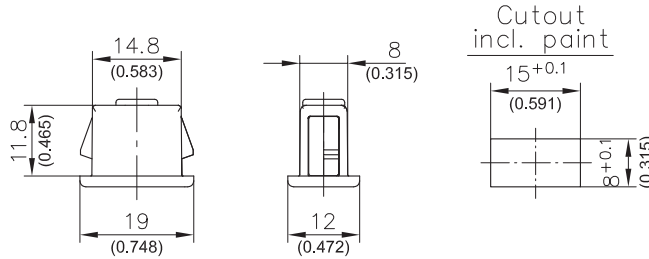

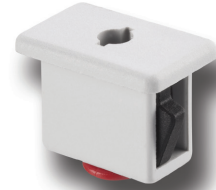

for cutout 8x15, tool-less installation

Fastener for joining flat metal sheets.
- The joining of two metal sheets is achieved by pushing the Fastener into the cutouts.
- With tool/key Part-No.: 292-0302.70 product system 6-080SL this Fastener can be disengaged both from inside and outside.
- The tool is captive in the open position.

- The dimension ⓢ always means the thickness of both sheets,
- **e.g.**: 1.5 + 1.5 = 3
        2.0 + 1.0 = 3
        2.0 + 2.0 = 4

Material:
- **Housing:** PA, black or light grey, RAL 7035
- **Snap wedges:** Grivory, black

14.8 (0.583)
11.8 (0.465)
19 (0.748)
8 (0.315)
12 (0.472)

Cutout incl. paint
15 $^{+0.1}$ (0.591)
8 $^{+0.1}$ (0.315)
