

FDB2 MULTI-WAY RCBO

Multiway RCBO Protection unit. Providing a space saving solution where multiple RCBO's are required

Double Pole 110/230V

10A - 16A - 20A - 25A - 32A

A modular range of general purpose earth leakage protection units complete with overload and short circuit protection. Approved by Network Rail for use in DC Electrified areas. Featuring solid state electronic circuitry for stability and immunity from spurious tripping, the range features different permutations of rating in each voltage range. Standard units are supplied in steel, surface mounting enclosures with RCD test button and MCB toggle accessible at front of unit.

FDB2 Assembly Kit comes with:

- 4 x M6 Flanged Nuts
- 4 x M6x12 Hexagon head screws
- 4 x M6 Washers
- 4 x 4mm Spacers
- 1 x 4mm Earth Wire

This enables a fully modular design meaning multiple enclosures can be stacked both horizontally and vertically to suit your available space.
